SKILLS

- European Computer Driving Licence (ECDL)

LANGUAGES

- English | Intermediate. B2 and other level in progress
- Spanish | Elementary

BACHELOR’S STUDENT IN MATHEMATICAL SCIENCES FOR ARTIFICIAL INTELLIGENCE

Lorenzo Lausi

EDUCATION

- 2026
**MSC STUDENT IN PHYSICS OF COMPLEX SYSTEMS – INTERNATIONAL TRACK
Politecnico di Torino.**

International Master's programme in Physics of Complex Systems (LM-44), combining advanced training in statistical physics, stochastic processes, quantum physics, and computational methods.

International double-degree programme across Trieste, Turin, and Paris.
- Oct 2023
Jul 2026
**BACHELOR’S STUDENT IN MATHEMATICAL SCIENCES FOR ARTIFICIAL INTELLIGENCE
Sapienza. Rome**
 - Graduated 110/110 cum laude.
 - Bachelor’s thesis: Analysis of the Generative Learning of Diffusion Models through Statistical Mechanics and Complex Systems Theory
 - GPA: 29.5/30.
- Sep 2018
Jul 2023
**SCIENTIFIC HIGH SCHOOL STUDENT
Liceo Farnesina. Rome**
 - Graduated from scientific high school with full marks, 100/100

EXPERIENCE

- 2025
**MEMBER OF THE AI COMMITTEE AT THE DIPARTIMENTO DI MATEMATICA GUIDO CASTELNUOVO
Sapienza.**

Contributed to discussions on AI-related academic and departmental activities at the Department of Mathematics.
- 2025
**ACADEMIC TUTOR – MACHINE LEARNING FOR SIGNAL PROCESSING (MSC ELECTRONIC ENGINEERING)
Sapienza.**

Supported students in understanding machine learning concepts and their applications to signal processing.
- 2024
Feb 2025
**LABORATORY ASSISTANT AT THE MATHEMATICAL COMPUTING CENTER, SAPIENZA UNIVERSITY.
Sapienza.**

Assisted students with computational activities and mathematical programming using Python and MATLAB.
- 2022
2023
**BOSTON CONSULTING GROUP
Liceo Farnesina.**

Work-study placement at Boston Consulting Group (BCG), with a focus on: financial reporting, accounting tasks, company/start-up analysis.

CERTIFICATES & COURSES

- Advanced proficiency in Python, with experience using libraries such as PyTorch, NumPy, Matplotlib, and Scikit-learn, along with a solid understanding of various Neural Network architectures for ML and DL.
- Good knowledge of MATLAB, with a particular focus on convergence algorithms.
- Basic knowledge of R.
- Intermediate knowledge of SQL.
- Sport and Interests:** football, tennis, surf, skiing, padel, sailing, teamwork, mathematical problems and problem-solving, statistical mechanics, finance, medicine and mathematical models.
